Which is pure blow and not truth—

Which is pure blow and not

CHICAGG, Ill., Sept. 30.—A surprising awakening of activity in regard to railway building has become evident. The year opened with gloom and depression in business circles, but the record of the past nine months show the total number of new roads in progress and proposed in the United States to be 626, with a total mileage of 44,393. This mileage of proposed in the United States to be 626, with a total mileage of proposed in the United States to be 626, with a total mileage of proposed in the United States to be 626, with a total mileage of proposed in the United States to be 626, with a total mileage of proposed in the United States to be 626, with a total mileage of proposed in the United States to be 626, with a total mileage of proposed in the United States to be 626, with a total mileage of proposed in the United States to be 626, with a total mileage of proposed in the United States to be 626, with a total mileage of proposed in the United States to be 626, with a total mileage of proposed in the United States to be 626, with a total mileage of proposed in the United States to be 626, with a total mileage of proposed in the United States to be 626, with a total mileage of proposed in the United States to be 626, with a total mileage of proposed in the United States to be 626, with a total mileage of proposed in the United States to be 626, with a total mileage of proposed in the United States to be 626, with a total mileage of proposed in the United States to be 626, with a total mileage of proposed in the United States to be 626, with a total mileage of proposed in the United States to be 626, with a total mileage of proposed in the United States to be 626, with a total mileage of proposed in the United States to be 626, with a total mileage of proposed in the United States to be 626, with a total mileage of proposed in the United States to be 626, with a total mileage of proposed in the United States to be 626, with a total mileage of proposed in the United States to be 626, with a total mileage of prop of 44,393. This mileage of proposed new roads and those already in pro-gress of construction is distributed as follows: New England, 813; Middle states,

Abeline and Wichita. A measly sum is \$18,000 to be raised

Kansas City reminds us in the Paola Pacific at St. Louis direct. Link business, of a great lubberly, ong-legged, half-grown Shanghal

tion pledged his opponent his support Democratic ticket cannot be elected onless Republicans vote for it, or stay at home; that the Democrats voting the Republican ticket in this county this fall can be crowded into a very small place, they would make a very short procession; that if the Republicans go to the polls and vote for the men they selected themselves and for they selected themselves and for the polls are country to the polls and the polls are country to the polls are co the men that represent their political principles that their ticket will be elected by a thousand majority.

Can Kansas City afford to sit still while Chicago and St. Louis are moving upon our territory right and left? Can we afford to wait when delay means a heavy mortgage on our future trade? No matter if Mr. Gould will build into Kansas City in one, two or three years, or one of these fine days. That doesn't suit us, beanse we are losing our hold every day on a spieudid territory. Even St. Joseph gave \$40,000 for a railroad that will not yield one-tenth the bene-fits the Missouri Pacific would give to Kansas City Is the old fire that ani-mated this city in past years all gone?

ast and Kansas City must find it out laws. But the game is up. thrown on her own resources she can't organize a fair or even build forty miles of local railway.

A SILLY STORY.

The silly story that Senator Plumb is the owner of thousands of cattle grazing on lands in the Indian Territory. has again been sent ont on its travels by the Oklahoma Chief and republished by the Oklahoma Chief and republished by the Oklahoma Chief and republished by the Wichita Beacon. It is worth that went off the reservation with the dific proposition with such mornagon protection of a military guard.
